PROFILE

A Bachelor's graduate in Computer Science from Bina Nusantara University with a strong background and experience in the IT field. During my studies, I was actively involved as a teaching assistant in the Database Technology Laboratory and completed an internship as an Application Developer, where I contributed to the development of internal web and mobile applications. I have a strong interest in the IT industry, particularly in software development, and am eager to bring valuable contributions to the company.

EDUCATION

Computer Science

BINUS University • Malang, East Java • September 2021 - August 2025 • GPA 3.86/4.00

- Awardee of the *Kaltim Tuntas* Scholarship in 2022 from the Provincial Government of East Kalimantan.
- Graduated on time with the distinction of Magna Cum Laude and earned a Bachelor's degree in Computer Science.
- Completed a thesis titled "Analysis and Design of Mobile and Website-Based Screening Applications for Chronic Disease Patients".
- Published two papers at the 2023 International Conference on Computer Science and Computational Intelligence (ICCSCI):
  - "Guidance in Designing a Smart Campus: A Systematic Literature Review", and
  - "Development of Augmented Reality Application in Physics through Newton's Laws and Object Interaction".

Mathematics and Natural Sciences

SMA Negeri 1 Samarinda • Samarinda, East Kalimantan • July 2018 - May 2021 • Grade: 84.80/100

EXPERIENCE

Application Developer

PT Hartono Istana Teknologi (Polytron Indonesia)   **February 2024 - February 2025, West Jakarta, DKI Jakarta**

- Developed an admin website for managing employee data using CodeIgniter, Bootstrap, and MySQL (training project).
- Developed a mobile app to scan barcodes and QR codes using Kotlin.
- Maintained and added new features to the Polytron ESG (Environmental, Social, and Governance) website using Node.js, Bootstrap, and MySQL.

Laboratory Teaching Assistant

BINUS University   **September 2023 - December 2023, Malang, East Java**

- Assisted and guided students during Database Technology lab sessions in the Odd Semester of 2023.
- Helped students understand basic to advanced concepts and assisted with technical problems during the lab.

Freshmen Partner

BINUS University   **September 2022 - September 2023, Malang, East Java**

- Served as a Student Partner for Binusian 2026 during their first academic year.
- Guided freshmen through their transition into university life via weekly mentoring sessions.
- Provided academic and non-academic support to help students adapt and grow.
- Acted as a liaison between new students and the university when needed.
